LIVESTOCK MEDICATION

Water-Powered Chemical Dispensers and Medicators

Dosatron’s water-powered, chemical dispensers and medicators automatically compensate for flow and pressure changes providing consistent, repeatable results for your animals.

The Dosatron DM11F Diaphragm Medicator provides:

- Enhanced features, providing longer lasting parts
- The ability to work under the toughest conditions
- The highest quality diaphragm medicator on the market

The DM11F has a wide flow range from 0.02 GPM up to 11 GPM. It is perfect for day-old chicks and also for weaners.

Dosatron’s line of medicators can accurately dispense:

- Antibiotics and vitamins
- Electrolytes
- Chlorine
- Hydrogen Peroxide
- Vinegar and Iodine
- Line cleaners
- Nutritional supplements

### BASIC INSTALLATION

- Water Flow
- Check Valve (200 Mesh/80 Micron)
- Filter
- Concentrate
- Blended Solution

Call Now! 1-800-451-6628 or 1-727-451-1198
BYPASS INSTALLATION

UNIT OPERATION

Optional manual bypass switch
(DM11F includes built-in bypass)
LOW COST, COMPACT PROPORTIONER WITH BROAD INJECTION RANGE!

PERFECT FOR:

- LINE CLEANING/DISINFECTING
- BOOT WASH
- VEHICLE DISINFECTING
- COOL CELL PAD CLEANING/DISINFECTING

FEATURES

- 3/4” Polypropylene proportioner
- Built-in check valve
- Restricts flow
- Bypass valve
- 12 large, easy-to-change, color coded tips
- Self-cleaning
- Injection rates of 1:100 to 1:2.3
- Chemical resistant
- Simple turn of bypass handle changes function from dosing to rinsing

Dosatron Proportioner
Part #: DSA-VENTURI
(3”W x 5”H x 2”D)
HM Digital Pro pH Meter

Measure the pH and temperature of the water with the easy-to-use HM Digital Pro pH Meter. The meter features:

- Low battery warning
- Waterproof body that floats
- Easy, automatic digital calibration
- Replaceable probe
- Lanyard
- Rewettable tips
- 1-year warranty
- Measures 0.00 - 14.00 pH

HM Digital Pro Meter Case

The meter case is a hard-sided plastic case, designed to protect the HM meter and includes a packet of calibration solution. It features:

- Injection molded polypropylene
- Prevents meter from damage
- Triple layer foam inside for added protection
- Snap locking front clasps
- Double lock loops for security

Case with Meter Part #: X600-102-PH
Case without Meter Part #: X600-102
LIVESTOCK MEDICATION
The Etatron e128 Medicator Electric Metering Pump

A true 11 GPM electric medicator - the Etatron e128 Medicator is the perfect pump for both your medicating and water treatment needs. Etatron’s operation is NOT affected by water quality and is simple to use, highly reliable, and compact.

The e128 Medicator accurately injects:
- Antibiotics / Vitamins / Vaccinations
- Electrolytes
- Chlorine
- Hydrogen Peroxide
- Vinegar and Iodine
- Acidification

Etatron is a leader in electric chemical metering pumps, providing electrical/solenoid pumps and controllers for over 35 years.

Fixed at 1:128
Pump capacity is equivalent to an 11 GPM water-powered medicator
Pump automatically compensates injection for variations in flow
Self-priming pump head with manual air bleed for fast priming
Suction alarm to detect when bucket is empty
PVDF solenoid head for enhanced chemical resistance
IP65 acid resistance housing
Long lasting, unique one-piece, Teflon® (PTFE) diaphragm design
120 Volt, 60 Hz
Connects to 1 pulse per gallon or 1 pulse per 10-gallon water meter

Doesn’t Lose Its Prime
High Performance Injection Valve
2-Year Warranty

Part #: e128

**e128 Panel With Water Meter**

The Etatron e128 Medicator, with a 3/4" 1 pulse per gallon water meter, is built onto an easy-to-install panel.

**e128 Panel features:**

- Ships preassembled
- Panel is 17” x 24”
- Pre-plumbed, simply connect 3/4” FPT to your plumbing line or by garden hose connection
- 3/4” 1 pulse per gallon water meter

Part #: PE128.75IN1G

www.dilutionsolutions.com
**MEDICATING MADE EASY**

### ePC - Pulse Control

The Etatron ePulse Control receives a reed input signal from a water meter and sends it to up-to-four pumps. Perfect for a facility with a pulse water meter (1 Pulse per Gallon or 1 Pulse per 10 Gallons) to eliminate the possibility of communication problems between devices.

**ePulse Control features:**

- Signals multiple devices independently from a 1PPG or 1PP10G water meter
- LED indicator lights up for each pulse
- Prewired for up to four devices
- Just plug into power supply and connect communication wires

### e128 Panel With ePulse Control

This simple to install, preassembled panel, includes the Etatron e128 Medicator and an ePulse Control. You can easily attach a 1PPG (1 pulse per 1-gal) or 1PP10G (1 pulse per 10-gals) water meter that is already hooked up to your house control.

**e128 Panel with ePulse Control features:**

- Panel is 17” x 24”
- Pre-plumbed, simply connect 3/4” FPT to your plumbing line or by a garden hose connection
- Includes ePulse Control
- Use your existing 1PPG or 1PP10G water meter

Call Now! 1-800-451-6628 or 1-727-451-1198
Water Meter

This 3/4” totalizer water meter features:

- Pulse output is 1 pulse per 1-gal or 1 pulse per 10-gals
- Lightweight polypropylene
- Analogue
- Reads gallons

Part #: WM34-1PPG (1 pulse per 1-gal)
Part #: WM34-1PP10G (1 pulse per 10-gals)

LIVESTOCK WATER TREATMENT INSTALLATION

Make Etatron part of your water treatment and medication plan to provide a safe and adequate water supply for the production of healthy animals.
