### Filters

#### Part #:

- **AFK5AP11KIT-A**
- **AKF5AP20KIT-A**
- **AKF5AP40-A**

#### Product Specifications

Filters include a cleanable, permanent, stainless steel filter. No replacement cartridges necessary.

#### These Filters Feature:

200 mesh/80 micron

Polypropylene

#### Maintenance:

- To clean the filter, remove the screen and, using a hose, spray the screen mesh from the outside in.
- If needed, soak overnight in a mixture of water, vinegar, and dish soap. Then scrub with a small brush or toothbrush.
- Reinstall.
