Livestock Water Treatment

A safe and adequate water supply is fundamental to the production of healthy animals, making a water treatment plan essential.

The **Etatron eMP** pump is the perfect answer for your water treatment, it is simple to use, highly reliable, and compact in size.

ETATRON

eMP Pump features:

- Automatically adjusts injection speed to the water flow for proportional delivery
- Dual scale dial for easy stroke adjustment
- Operates with 1 pulse per 1 gallon or 1 pulse per 10 gallon water meter
- Superior diaphragm technology
- No squeeze tubes that can break
- PVDF solenoid head for enhanced chemical resistance
- IP65 acid resistance housing
- Self priming, the pump head is equipped with a manual air bleed for fast priming
- Turns off automatically when the chemical container is empty
- Pump will turn OFF if pressure exceeds 145 PSI

NEW!
